Gopalan National School North

GNS North is an educational institution committed to providing a holistic and enriching learning experience.

GNS-North emphasizes on a well - rounded education that combines academic rigour with extracurricular activities. The school is equipped with modern facilities, dedicated educators, and a supportive learning environment.

A strong foundation for our children is what will create future leaders of tomorrow, thereby contributing to a successful nation. We wanted to create a world-class facility that would empower young students.

GNS North is where your child will find his/her independent socially interactive scene. It is a place where your children pick up valuable lessons that leave an indelible mark on their future. It is a place where you as parents can confidently send your children and be assured of them being moulded into responsible, confident and successful individuals.

Dr. C. Prabhakar

General Secretary

Greeting and welcome to GNS- North Bangalore!

It is my honour and pride to be a part of an esteemed institution which is backed by a rich legacy and strong roots - an institution where every stake holder strives to put in their best foot forward in order to provide the best learning exposure for the students.

Here at GNS North, it is our strong commitment to provide an environment which nurtures our students to blossom as fully developed individuals. We focus on the overall growth and development of our students - physical, cognitive, emotional and spiritual aspects. With the state-of-the-art infrastructure, excellent faculties and the supportive management, we are sure to give the best of education to our students, paving way for their successful future.

EXPERIENTIAL LEARNING

Theme based learning is the underlying methodology with a curriculum we have designed in-house. Teaching and learning is experiential and focuses on skill building. In a cheerful, stimulating environment, children acquire knowledge through a theme and project based curriculum which makes learning real and relevant. Teachers guide and mentor children to learn in multiple ways, share their ideas, and become responsible for their own learning, at their own pace.

INFRASTRUCTURE

THE CAMPUS

The school has an idyllic, spacious campus designed to provide holistic school education. Its serene location, secure environment, aesthetic infrastructure and complementing ambience makes it an ideal setting to acquire knowledge.
